## MANAGEMENT'S REPORT

### Financial Market Review October 2023 - September 2024<sup>(1)</sup>

#### Macro

The final quarter of 2023 featured a backdrop of strong growth, resilient labor markets, steady disinflation progress across major economies, and emerging signals from major central banks around a shift towards less restrictive monetary policy. Lower yields fuelled a rally in risk assets, headlined by strong performance across equities, credit, and government bonds. Shifting towards the first half of 2024, continued signs of improvement in global manufacturing data, robust labor markets, a resilient US economy, and expectations of policy easing by major central banks further supported investor risk appetite. Early in the first half of 2024, while the growth outlook remained benign, inflation, especially in the US, raised some concerns due to a few downside surprises in key inflation prints. However, the US began to see disinflationary progress once again in the second quarter of 2024, providing both the US Federal Reserve (Fed) and investors with renewed confidence in the path ahead following the string of higher-than-expected prints to start of the year. US Core PCE (Personal Consumption Expenditures Price Index, Excluding Food and Energy) averaged 0.17% in April and May versus an average reading of 0.37% in the first quarter of 2024. This progress, combined with strong earnings growth, and expectations of policy easing by major central banks supported momentum in risk assets.

In July 2024, the macro backdrop remained fluid with slight moderation in global manufacturing/services activity, but continued disinflation progress in the US. Then, in August 2024, financial markets were jolted by a weaker than expected US jobs print in August. The print, headlined by the US national unemployment rate (U3) rising from 4.1% to 4.3%, triggering the Sahm Rule, which indicates that the US economy has moved into recession territory whenever the 3-month moving average of the U3 unemployment rate rises by more than 0.5% from its 12-month low. As a result, panic ensued among market participants, leading to sell-off in equities and rally in safe-haven assets like US treasuries and the Japanese Yen. However, the shock proved to be short-lived as a string of data releases over the next few days and weeks provided better comfort around the strength of the US economy and labor market. September was an eventful month, as two of the biggest central banks, the Fed and People's Bank of China (PBoC), helped ease monetary policy by lowering interest rates to support domestic economies. The Fed cut its policy rate by 50bps, marking the first US rate cut since March 2020.

#### Monetary Policy

2023 ended with a noticeable slowdown in global inflation, leading to a somewhat dovish stance from major central banks that carried over into the final quarter of 2023. Strong disinflation progress and continued resilience in the labor market led many to gain further confidence in the possibility of a soft landing. Despite many investors coming into the year with expectations for an earlier and swifter start to central bank easing cycles, many of these central banks, including the Fed, tilted hawkish at the start of 2024 as inflation surprised to the upside and the strong economy gave policymakers the option to be patient around the onset of their policy easing cycle. Elsewhere, the Swiss National Bank surprised markets in March and cut policy rates by 25bps, becoming the first G10 central bank to start easing. In Asia, the BoJ paved its own path and decided to end its negative interest rate policy at its March meeting.

In the June of 2024, the European Central Bank and the Bank of Canada started their respective easing cycles, both cutting their respective policy rates by 25bps. Continued moderation in the US inflation over the summer, paired with added stress around the sustainability of the US labor market, meant that the Fed could start its much-awaited easing cycle in September. The post-meeting statement indicated that the Federal Open Market Committee (FOMC) was "strongly committed to supporting maximum employment" alongside the 2% inflation target and that the risks to the Committee's dual-mandate goals were roughly in balance. In Europe, the European Central Bank (ECB) cut the policy rate by 25bps in September, as expected, and left economic forecasts largely unchanged. In China, the PBoC announced a slew of policy measures in September to boost activity in general and property market in particular. Amid all the easing, the Bank of Japan (BoJ), which had been gradually tightening monetary policy, decided to leave policy rate unchanged in September.

## Bond Markets

In the final quarter of 2023, US, UK, and German 10-year yields were down 70bps, 90bps, and 90bps respectively. In FX, the USD was down 3% as a dovish Fed weighed on the USD. CHF and JPY were up 9% and 6% respectively vs the USD, while the EUR and GBP were each up 4%. In summary, market performance in Q4 2023 was underscored by a classic reaction to lower inflation and dovish monetary policy. Both credit and government bonds rallied, whereas the USD sold off. Moving towards the start of 2024, bond yields climbed higher as recession fears continued to ease and US inflation surprised to the upside. The US 10Y yield rose by 35bps to 4.2% in Q1 2024, following a decline of 70bps in Q4 2023. Yields were modestly higher in the second quarter of 2024, with the yield on the US 10Y up by 15bps. This increase was largely concentrated in April in response to strong labor market and inflation data. Subsequently, as inflation and activity data moderated, the yield on the 10Y declined in May and June. In France, the 10Y yield was 55bps in the second quarter of 2024 as the market priced in a higher term premium given increased political uncertainty.

In rates, yields declined in July on the back of weaker US inflation data and a softening labor market. The US 10Y yield was down by 25bps whereas German and UK 10Y yields were down 20bps each. The US 10Y yield went as low as 3.65% in September following the weak jobs numbers leading the market to price in a greater probability of a 50bps cut in September and more than 100bps of cuts in 2024. Nonetheless, the US 10Y yield rebounded following the Fed's September meeting on the back of a string of more optimistic economic prints.

## Equity Markets

Global developed market equities (MSCI World) and emerging market equities (MSCI EM) were up 10% and 8% respectively in the final quarter of 2023. Within developed market equities, US equities (S&P 500) led the way with a rally of 12% in the quarter, whereas Euro area equities (Euro Stoxx 50) gained 9%. Global developed market equities also started 2024 on a strong footing with significant gains in Q1 2024 following a strong end to 2023, with several equity indices reaching new all-time highs. Continued signs of improvement in global manufacturing activity, a resilient US economy, and still strong expectations of policy easing by major central banks in 2024 supported risk appetite for many equity investors. In the second quarter of 2024, global developed market equities and emerging market equities were up by 3.2% and 6.4%, respectively, following gains of 10% and 4.5% in Q1 2024. Within developed market equities, US equities outperformed their peers once again with a gain of 4.5% in Q2 2024, whereas Japanese equities were up by 1.7%. Euro area equities were down by 1.3% following increased uncertainty around major elections in June. Elsewhere, Chinese equities rallied at the start of 2024, outperforming most developed and emerging equity markets, but began to retreat in June.

Global developed market equities experienced modest positive returns in July, although weaker European data and a stronger JPY weighed on European and Japanese equities. In the US, a few disappointing earnings results began to cast doubts on the durability of the mega cap tech names and the future reliability of the hype around artificial intelligence. This led to a significant rotation away from mega-caps names into small-caps—the outperformance of the Russell 2000 over the NASDAQ was the largest in any month since February 2001. August saw small gains for global developed market equities and emerging market stocks. However, at their worst on 5 August - as volatility increased due to macro uncertainty - both MSCI World and MSCI EM were down 6.9% and 4.9% before staging a comeback. This uncertainty led defensive sectors like consumer staples and healthcare to outperform in the US. September saw developed market equities and emerging market equities post gains of 1.5% and 5.7% respectively. US equities outperformed, posting a gain of 2.1%, followed up by Euro area equities, which rallied 0.9%. Conversely, Japanese equities underperformed as a stronger JPY weighed on equity market performance. The MSCI China index however, delivered a significant +23% return in September with almost all these gains coming after government officials announced significant stimulus plans on 24 September.

## DIRECTOR REPORT

### Corporate Governance Statement

#### Introduction

The Board of Directors of the Company (the "Board") is committed to maintaining high standards of corporate governance and as such has adopted the principles set out in the Association of the Luxembourg Fund Industry ("ALFI") Code of Conduct Revision 2022 (the "Code") issued by ALFI in June 2022 which sets out principles of good governance.

The Board considers that the Company has been in compliance with the principles of the Code in all material aspects for the year ended 30 September 2024. The Board undertakes an annual review of ongoing compliance with the principles of the Code.

The principles of the Code are set out below:

1. The Board should adopt clear and transparent standards of corporate governance;
2. The Board should have good professional standing and appropriate experience and use best efforts to ensure that it is collectively competent to fulfil its responsibilities;
3. The Board should act fairly and independently in the best interests of the investors;
4. The Board should act with due care and diligence in the performance of its duties;
5. The Board should ensure compliance with all applicable laws and regulations and with the Fund's constitutional documents;
6. The Board should ensure that investors are properly informed, are fairly and equitably treated, and receive the benefits and services to which they are entitled;
7. The Board should ensure that an effective risk management process and appropriate internal controls are in place;
8. The Board should identify and manage fairly and effectively, to the best of its ability, any actual, potential or apparent conflict of interest and ensure appropriate disclosure;
9. The Board should ensure that Shareholder rights are exercised in a considered way and in the best interests of the Fund;
10. The Board should ensure that the remuneration of the Board members is reasonable and fair and adequately disclosed;
11. The Board should integrate as appropriate sustainability standards and objectives including environmental, social and governance (ESG) criteria in its business model and operations.

#### Board Composition

The Board currently consists of two Independent Non-Executive Directors and four Executive Directors. The Board defines an Executive Director as someone who is employed by the Goldman Sachs Group, Inc. or any of its affiliates, and an Independent Non-Executive Director as someone who is free of any business, family or other relationship with the Fund or Goldman Sachs Group, Inc. or any of its affiliates. All Board meetings require a majority of Independent Non-Executive Directors to be in attendance.

Article 13 of the Company's Articles of Incorporation in accordance with Luxembourg law, provides that Directors shall be elected by the shareholders at their annual general meeting for a period ending at the next annual general meeting and until their successors are elected.

Directors receive induction training upon appointment, as well as receive regular ongoing training updated and briefings incorporating all relevant information regarding the Company to facilitate the Director fulfilling his or her duties responsibilities as a Director. The Company's policy is to encourage Directors to keep up to date with

developments relevant to the Company. The Directors have attended and will continue to attend updates and briefings run by Goldmans Sachs Group, Inc. or its affiliates. The Directors also receive regular briefings from, amongst others, auditors, investment specialists, risk specialists, depositary and legal advisers regarding any proposed product developments, changes in laws or regulations and market practice that could affect the Company.

In addition to the full Board of Directors there is an Audit Committee who are primarily responsible for overseeing the quality and integrity of the financial reporting process, along with a review of any external auditor's findings and review of compliance of legal and regulatory requirements that have a material effect on the financial statements. The Audit Committee will report to the full Board of Directors on a regular basis and will also identify any matters within its mandate which would require further action/attention by the Board.

#### **Board's Responsibilities**

The Board meets at least quarterly and on an ad hoc basis as required. The Board is supplied with information in a timely manner and of a quality appropriate to enable it to discharge its duties. The Board reserves to itself decisions relating to the determination of investment policy and objectives, any change in investment strategy, entering into any material contracts, any change in board membership, any change of external auditor and any significant change in accounting policies or practices.

The Directors have access to the advice and services of external counsel and the resources of the Goldman Sachs Group, Inc. including, but not limited to, investment specialists, risk specialists and various infrastructure teams. Where necessary, in the furtherance of their duties, the Board and individual Directors may seek independent professional advice.

The Board are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements are prepared in accordance with Luxembourg legal and regulatory requirements relating to investment funds.

In fulfilment of this responsibility, the Board have appointed Goldman Sachs Asset Management B.V. ("GSAMBV") as its Management Company, which has delegated the administration of the adequate accounting records to Brown Brothers Harriman (Luxembourg) S.C.A..

The Directors are also responsible for safeguarding the assets of the Company and in fulfilment of this responsibility they have contracted the assets of the Brown Brothers Harriman (Luxembourg) S.C.A. (the "Depositary") for safekeeping in accordance with the Memorandum Prospectus and Articles of Association of the Company. They are also responsible for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Board exercise these functions, inter alia, to fulfil their responsibility of overseeing the management of the Company and in their fiduciary duty to represent the interest of shareholders.

#### **Remuneration**

Ms. Grainne Alexander and Ms. Sophie Mosnier are independent Directors and have no executive function with the Investment Manager or its affiliated companies. The Fund pays each independent Director an annual fee for their services as a Director of the Fund. For the year ended 30 September 2024, the total Directors' fees amounted to EUR 120,668.

Mr. Jonathan Beinner, Mr. Dirk Buggenhout, Mr. Jan Jaap Hazenberg and Ms. Hilary Lopez are affiliated with the Investment Manager and receive no compensation from the Fund.

#### **Communication with Shareholders**

The Board is responsible for convening the annual general meeting and all other general meetings of the Company.

Notice of general meetings is issued in accordance with the Articles of Incorporation of the Company and notice of the annual general meeting is sent out at least 8 days in advance of the meeting.

The next Annual General Meeting of Shareholders will be held on 23 January 2025 and shareholders will be asked to consider the usual matters presented at such meeting including:

- Approval of the financial statements & the payment of dividends
- The approval of Directors fees
- The election or re-election of directors
- The election or re-election of the auditor

The proceedings of general meetings are governed by the Articles of Incorporation of the Company.

## Audit report

To the Shareholders of  
**Goldman Sachs Funds III**

---

### Our opinion

In our opinion, the accompanying annual accounts give a true and fair view of the financial position of Goldman Sachs Funds III (the "Fund") and of each of its sub-funds as at 30 September 2024, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts.

#### *What we have audited*

The Fund's annual accounts comprise:

- the statement of net assets as at 30 September 2024;
- the statement of operations for the year then ended;
- the statement of changes in net assets for the year then ended;
- the schedule of investments as at 30 September 2024; and
- the notes to the annual accounts, which include a summary of significant accounting policies.

---

### Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the annual accounts" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the annual accounts. We have fulfilled our other ethical responsibilities under those ethical requirements.

---

### Other information

The Board of Directors is responsible for the other information. The other information comprises the information stated in the annual report but does not include the annual accounts and our audit report thereon.

Our opinion on the annual accounts does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the annual accounts, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the annual accounts or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

---

#### **Responsibilities of the Board of Directors for the annual accounts**

The Board of Directors is responsible for the preparation and fair presentation of the annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts, and for such internal control as the Board of Directors determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the Board of Directors is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Fund or close any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

---

#### **Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the annual accounts**

The objectives of our audit are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors;

- conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund or any of its sub-funds (except for Goldman Sachs Multi Asset Factor Opportunities, Goldman Sachs Emerging Markets Corporate Debt (Former NN), Goldman Sachs Emerging Markets Debt Short Duration (Hard Currency) and Goldman Sachs Emerging Markets Debt (Local Currency) where a decision to liquidate exists) to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the annual accounts, including the disclosures, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate to them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

---

#### Other matter

In addition to our responsibility to audit and express an opinion on the annual accounts in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we have been requested by the Board of Directors to express an opinion on the annual accounts in accordance with generally accepted auditing standards in the United States of America as issued by the AICPA, in order to meet the requirements of Rule 206(4)-2 of the US Investment Advisors Act of 1940. We have reported separately in this respect on Page 19.

## Audit Report

To the Board of Directors of  
**Goldman Sachs Funds III**

---

### Opinion

We have audited the accompanying financial statements of Goldman Sachs funds III (the "Fund"), which comprise the statement of net assets and the schedule of investments as at 30 September 2024 and the related statement of operations and the statement of changes in net assets for the year then ended, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as of 30 September 2024 and the results of its operations, changes in its net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

---

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

---

### Responsibilities of the Board of Directors of the Fund for the Financial Statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's ability to continue as a going concern for at least, but not limited to, twelve months from the end of the reporting period, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

---

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit;
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed;
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by the Board of Directors of the Fund, as well as evaluate the overall presentation of the financial statements;
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

---

#### Other Information

The Board of Directors of the Fund is responsible for the other information included in the annual report. The other information comprises the information included in the annual included but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## NOTES TO THE FINANCIAL STATEMENTS

### 1 Organisation

Goldman Sachs Funds III (the "Fund" or the "Company") is a "Société d'Investissement à Capital Variable" ("SICAV") incorporated on 6 September 1993 for an unlimited period as a société anonyme (public limited company), governed by Part I of the Luxembourg law of 17 December 2010 on undertakings for collective investment, as amended.

The Memorandum and Articles of Association of the Company were published in the "Mémorial C, Recueil Spécial des Sociétés et Associations" of the Grand Duchy of Luxembourg and filed with the Register of the Luxembourg District Court where they may be consulted and copies may be obtained upon payment of registry fees.

The Fund is registered with the Luxembourg Register of Companies under number B 44 873.

As at 30 September 2024, the Fund offered shares in the sub-funds as detailed in the prospectus.

### Investment Objectives

Shareholders are advised that detailed investment policies of each sub-fund are described in the prospectus, which is made available to the shareholders at the Company's website and at the Company's registered office identified in this report. The prospectus will also be sent free of charge to anyone who so requests.

Information on Environmental, Social and Governance is available in the Other information to shareholders (unaudited) under the Sustainable Finance Disclosure Regulation (SFDR) Classification section.

The following sub-funds are invested in other sub-funds of the Fund. As at 30 September 2024, such investments are as follows:

| Investing sub-fund                                  | Investee sub-fund  | Investments at market value as at 30 September 2024 |
|---|--|---|
| Goldman Sachs Emerging Markets Debt (Hard Currency) | Goldman Sachs Emerging Markets Corporate Debt (Former NN)          | 105,071,071.81 USD                                  |
| Goldman Sachs Emerging Markets Debt (Hard Currency) | Goldman Sachs Emerging Markets Debt Short Duration (Hard Currency) | 97,606,853.39 USD                                   |
| Goldman Sachs Emerging Markets Debt (Hard Currency) | Goldman Sachs Frontier Markets Debt (Hard Currency)                | 242,088,897.45 USD                                  |
| Goldman Sachs Euro Bond                             | Goldman Sachs AAA ABS  | 14,909,114.25 EUR                                   |
| Goldman Sachs Euro Bond                             | Goldman Sachs European ABS   | 15,058,455.43 EUR                                   |
| Goldman Sachs Euro Long Duration Bond               | Goldman Sachs European ABS   | 5,725,412.32 EUR                                    |
| Goldman Sachs Global High Yield (Former NN)         | Goldman Sachs US High Yield  | 110,526,365.31 EUR                                  |
| Goldman Sachs Global High Yield (Former NN)         | Goldman Sachs Europe High Yield (Former NN)                        | 55,603,063.38 EUR                                   |

The combined statements were calculated on the basis of aggregation of individual sub-fund's statements with no elimination of cross-investments if any. As of 30 September 2024, the cross-investments within the Fund represent EUR 600,333,483.78 or 1.60% of the combined net assets.

## **Changes**

On 6 November 2023, the sub-fund Goldman Sachs Asia Equity Growth & Income has changed the name to Goldman Sachs Asia Equity Income.

On 6 November 2023, the sub-fund Goldman Sachs Global Energy Equity has changed the name to Goldman Sachs Global Environmental Transition Equity.

On 27 November 2023, the sub-fund Goldman Sachs Eurozone Equity Income has absorbed Goldman Sachs Eurozone Equity Growth & Income. As per 30 September 2024, the cash balance in base currency of the absorbed fund amounted to EUR 7,695.23.

On 6 December 2023, the sub-fund Goldman Sachs Global Social Impact Equity has absorbed Goldman Sachs Global Banking & Insurance Equity, Goldman Sachs Global Food & Beverages Equity and Goldman Sachs Global Health Care Equity. As per 30 September 2024, the cash balance in base currency of the absorbed fund Goldman Sachs Global Banking & Insurance Equity amounted to ILS 5,487.38.

On 8 December 2023, the sub-fund Goldman Sachs Global Real Estate Equity (Former NN) has absorbed Goldman Sachs Europe Real Estate Equity. As per 30 September 2024, the cash balance in base currency of the absorbed fund amounted to EUR 8,940.42.

On 8 December 2023, the sub-fund Goldman Sachs USD Green Bond has absorbed Goldman Sachs US Factor Credit.

On 19 January 2024, the sub-fund Goldman Sachs Global Convertible Bond was liquidated. As per 30 September 2024, the bank overdraft in base currency of the sub-fund amounted to USD 3.00.

On 15 March 2024, the sub-fund Goldman Sachs Global Convertible Bond Opportunities was liquidated. As per 30 September 2024, the bank overdraft in base currency of the sub-fund amounted to USD 18,056.21.

On 29 July 2024, the sub-fund Goldman Sachs Asia High Yield (Former NN) was liquidated. As per 30 September 2024, the cash balance in base currency of the sub-fund amounted to USD 34,555.56.

On 25 September 2024, the sub-fund Goldman Sachs Europe Sustainable Small Cap Equity has absorbed Goldman Sachs BENE Opportunities Equity.

## **Update on Russian Investments**

Since the outbreak of the Russia-Ukraine war, which started on 24 February 2022, the international economic and financial sanctions imposed against Russia have led to liquidity concerns in financial markets in general and for Russian, Ukrainian and Belarussian markets in particular.

As all sub-funds, except for the following, have no direct investments in these countries, the impact is limited:

- Goldman Sachs Emerging Europe Equity
- Goldman Sachs Emerging Markets Enhanced Index Sustainable Equity
- Goldman Sachs Emerging Markets Equity Income
- Goldman Sachs Global Flexible Multi- Asset
- Goldman Sachs Global Inflation Linked Bond

## **Goldman Sachs Emerging Europe Equity**

The exposure of investment in Russia by Goldman Sachs Emerging Europe Equity ("sub-fund") is significant and resulted in suspension of NAV on 1 March 2022. The sub-fund was put into liquidation with effect from 24 June 2022. The liquidation was triggered by the impact of the Russia-Ukraine conflict, which caused exceptional market circumstances, thereby preventing the Company from valuating and trading some of its assets as well as determining the sub-fund's net asset value in a reasonable manner. While the assets representing the majority proportion of the sub-fund's net asset value have been sold, and the Company is proactively acting on opportunities to sell the remaining holdings, the current portfolio contains holdings that still cannot be traded due to the on-going conflict. Therefore, Commission de Surveillance du Secteur Financier ("CSSF") has granted an extended wind-down phase, which will be followed by the closing of the liquidation of the sub-fund once all remaining assets have been sold.

In April 2024, the sub-fund was able to sell some holdings in the portfolio, resulting in distribution to shareholders. Previous distribution took place in July 2022. The sub-fund will continue to monitor the situation and proactively act on opportunities to sell any of the remaining holdings on an ongoing basis, considering the regulatory environment and the best interest of Shareholders, and distribute the proceeds when applicable.

The impact for the other listed sub-funds is limited. The Board of Directors is continuously monitoring the developments and will always strive to act in the best interest of its funds' shareholders.

### **Valuation of Russian shares**

During the reporting year, Russian shares could not be traded and were valued at zero except for the securities sold off in April 2024 for the Goldman Sachs Emerging Europe Equity. The situation on the Russian stock market has not changed significantly and the current portfolio contains holdings that still cannot be traded.

As at 30 September 2024, the following sub-funds held restricted cash denominated in Russian Rouble, which was valued at zero and is not part of the NAV of the sub-funds:

| <b>Sub-fund name</b>   | <b>Value in RUB</b> | <b>Value in EUR</b> |
|--|---------------------|---------------------|
| Goldman Sachs Emerging Europe Equity                             | RUB 21,313,750.00   | EUR 205,073.40      |
| Goldman Sachs Emerging Markets Enhanced Index Sustainable Equity | RUB 39,976,987.50   | EUR 384,644.50      |

### **Goldman Sachs Global Convertible Bond Opportunities**

Upon the liquidation of the sub-fund Goldman Sachs Global Convertible Bond Opportunities, all compulsory redemptions were processed on trade date 15 March 2024 and the associated proceeds were paid to investors with value date 20 March 2024, all with the exception of the shares of 1 investor due to OFAC sanctions. As a result of the sanctions, the redemption of these shares could not be processed, and these shares will therefore remain listed in the Fund's TA Register. Operationally and on behalf of this investor, the value amounting USD 1,102,691.22 as per 28 March 2024 of these shares has been administered on a segregated OFAC-Blocked custody account in the name of the Fund. These shares will be redeemed, and the redemption proceeds will be paid to the investor once the investor is removed from the OFAC sanctions list.

### **Restatement of prior period**

The financial statements for Goldman Sachs Emerging Europe Equity fund have been restated during the year ended 30 September 2024 due to several balances being materially misstated for the year ended 30 September 2023, as detailed below:

- The Other receivables and the Other Income were overstated by EUR 7,145 due to a tax reclaim wrongly reflected in the NAV in May 2023. In order to correct it, the write-off has been reflected as an Other Expenses as at 30 September 2024. The Other Expenses are understated by EUR 7,145.
- The Other liabilities were overstated by EUR 39,427 due to the recognition of a provision to cover any transaction costs (legal expenses), which the fund might incur in order to sell Russian equities. This provision was booked in June 2022 and should not have been reflected in the financial statements. In

order to reflect true and fair view of the financial statements, the write-off of this provision released during the year results in the overstatement of the Other Income as at 30 September 2024.

## **2 Significant Accounting Policies**

### **2.1 Basis of Preparation of Financial Statements**

The financial statements are prepared under a going concern basis of accounting and presented in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements except for Goldman Sachs Emerging Europe Equity, Goldman Sachs Asia High Yield (Former NN), Goldman Sachs Emerging Markets Corporate Debt (Former NN), Goldman Sachs Emerging Markets Debt (Local Currency), Goldman Sachs Emerging Markets Debt Short Duration (Hard Currency), Goldman Sachs Global Convertible Bond, Goldman Sachs Global Convertible Bond Opportunities and Goldman Sachs Multi Asset Factor Opportunities for which a non-going concern basis of accounting was adopted.

In accordance with the Prospectus, Total Net Assets as at 30 September 2024 reflect all capital and securities transactions until 27 September 2024 for all sub-funds of the Fund.

By way of information, if the Fund had calculated the Total Net Assets solely with a view to publication, all the capital and securities transactions traded on 30 September 2024 would have been included in the Total Net Assets as at 30 September 2024.

### **2.2 Operating Expenses**

Operating expenses (including custody expense, fund administration expense, management fees, fixed service fees, subscription tax and other expenses) are recognised on an accrual basis. Those expenses are reflected in the Statement of Operations.

### **2.3 Investment Transactions and Related Investment Income**

Investment transactions are recorded on a trade date basis in accounting. Realised gains and losses are based on the average cost method.

Dividends are accounted for on the ex-date. Dividend income are recognised on a gross basis before withholding tax, if any.

Interest is accrued on a daily basis.

Interest income includes accretion of market discount, original issue discounts and amortisation of premiums and is recorded into income over the life of the underlying investment.

### **2.4 Transaction Costs**

In case of investments in the shares/units of other UCITS and/or other UCIs that are managed directly or by delegation by the Management Company (the "GSAM funds"), no transaction costs are applicable.

Please refer to Note 12 for details of the sub-funds that incurred separately identifiable transaction costs. Transaction costs for fixed income investments, forward currency contracts and other derivative contracts are not separately identifiable. For these investments, transaction costs are included in the purchase and sales price and are part of the gross investment performance of each sub-fund.

### **2.5 Due to/from Brokers**

These accounts represent the amount that the sub-fund owes to brokers ("Due to Brokers") or that brokers owe to sub-fund ("Due from Brokers"). The due to/from brokers relates to cash held at brokers and/or counterparties for derivative contracts.

## **2.6 Expenses Payable**

This account represents the expenses that still have to be paid on the balance sheet date. These may include various costs that the Fund has to incur, such as, but not limited to, Fixed service fee payable or Subscription tax payable.

## **2.7 Financial Investment in Securities and Valuation**

### **2.7.1 Recognition**

The sub-funds recognise financial assets and financial liabilities on the date they become a party to the contractual provisions of the investment. Purchases and sales of financial assets and financial liabilities are recognised using trade date accounting. From trade date, any unrealised gains and losses arising from changes in value of the financial assets or financial liabilities are recorded in the Statement of Operations.

### **2.7.2 Value Measurement Principles**

The value of all securities and derivatives is determined according to the following policies:

#### **Exchange Listed Assets and Liabilities**

The value of exchange traded financial investments, including transferable securities admitted to an official listing or to any other regulated market are valued at the last known prices. If these transferable securities are traded on several markets, the valuation is made on the basis of the last known price on the main market on which the transferable securities are listed.

#### **Debt Securities**

Debt securities, comprising bonds, are valued clean (excluding interest receivable). The last known price used for the bonds is the bid price.

#### **Money Market Investments**

The Fund's valuation methodology for money market investments meets the requirements of money market fund regulation (MMFR) that came into effect as of 21 January 2019. The valuation model determines that the MMF valuation shall be valued on a daily basis. The assets of the Fund shall be valued by using mark-to-market whenever possible and the asset of the Fund shall be valued at the more prudent side of bid and offer unless the asset can be closed out at mid-market. The Fund shall calculate a NAV per unit or share as the difference between the sum of all assets of the MMF and the sum of all liabilities of the MMF valued in accordance with mark-to-market or mark-to-model, or both, divided by the number of outstanding units or shares of the MMF. For the year ended 30 September 2024, no mark-to-model is used by the Fund.

#### **Shares in Collective Investment Schemes**

The value of investments in open-ended investment funds are valued based upon the official net asset values per share as at the last available date as supplied by the funds, in accordance with the valuation policy of the applicable fund as outlined in its prospectus.

Realised gains and losses on securities portfolio are calculated on the basis of the average cost of securities sold.

#### **Derivatives**

A derivative is an instrument whose fair value is derived from an underlying instrument, index reference rate or a combination of these factors. Derivative instruments may be privately negotiated contracts which are often referred to as over the counter ("OTC") derivatives or they may be listed and traded on an exchange. Derivative contracts may involve future commitments to purchase or sell financial instruments or commodities at specified

terms on a specified date, or to exchange interest payment streams or currencies based on a notional or contractual amount.

Derivative contracts are stated at fair value and recognized as financial assets and financial liabilities on the Statements of Net Assets. Gains and losses resulting from the change in the fair value are reflected on the Statements of Operations as a component of change in unrealised gain/(loss). Realised gains or (losses) are recorded on termination or from periodic cash flow payments.

#### Forward Foreign Currency Contracts

The forward foreign exchange contracts represent obligations of purchase or the sale of foreign currency on the basis of future exchange rates determined at a fixed price at the time of conclusion of the contracts. The unexpired forward foreign exchange contracts are valued at the last "forward" rate available on the valuation dates or at the balance sheet date and unrealised appreciation or (depreciation) are recorded. Positive fair values of forward foreign exchange contracts are disclosed as assets and negative fair values as liabilities in the Statement of Net Assets. Realised gains or (losses) and changes in unrealised results are recorded in the Statement of Operations.

#### Futures Contracts

Futures contracts are valued based on the last available market price. Initial margin deposits are made upon entering into futures contracts. Variation margin payments are made or received, depending on the daily fluctuation in market value of the contract and are recorded by the fund as unrealised appreciation and depreciation. Positive fair values of futures instruments are disclosed as assets and negative fair values as liabilities in the Statement of Net Assets. Realised gains or (losses) and changes in unrealised results are recorded in the Statement of Operations. For the calculation of net holdings by currency on financial instruments, the holdings are converted at the exchange rate prevailing at the year-end.

#### Option Contracts

Option contracts quoted on an official stock exchange or on another regulated market are valued according to the last known market price or, if there are several markets, according to the last known price of the principal market. Option contracts not quoted on an official stock exchange or on another regulated market are valued at their last known market value or, in the absence of a market value, according to their probable market value in the reasonable estimation of the Board of Directors of the Fund.

Positive fair values of option instruments are disclosed as assets and negative fair values as liabilities in the Statement of Net Assets. Realised gains or (losses) and changes in unrealised results are recorded in the Statement of Operations.

#### Swap Contracts

Swaps are, in general, contracts by which two parties commit themselves during a given period to exchange two flows, one in exchange of the other, determined on the basis of a nominal value. The flows may be linked to interest rate(s), exchange rate(s), share(s), index(es) or credit event(s). Swap contracts are valued using the difference between the values of forecasted flows the counterparty is to pay to the sub-fund and those owed by the sub-fund to its counterparties. Swaps are valued on the basis of their market value, which depends on several parameters (level of the index, market interest rate, remaining life of the swap).

Positive fair values of swap instruments are disclosed as assets and negative fair values as liabilities in the Statement of Net Assets. Realised gains or (losses) and changes in unrealised results are recorded in the Statement of Operations.

Swaps are valued clean (excluding interest receivable/payable). Interest to be received on swaps is included in the item "Accrued interest receivable". Interest to be paid on swaps is included in the item "Investment interest payable".

## All Securities and Derivatives

If a quoted market price is not available from a third party pricing service or a dealer, or a quotation is believed to be materially inaccurate, the market value of the investment is determined by using valuation techniques. Valuation techniques include the use of recent market transactions, reference to the current market value of another investment that is substantially the same, discounted cash flow analyses or any other techniques that provides a reliable estimate of prices obtained in actual market transactions. Such securities and derivatives shall be valued at their fair value as determined by the Valuer. The Valuer also has direct responsibilities to the Board of Directors for certain valuation functions, which are ultimately reflected in the financial statements. The Valuer during the year ended 30 September 2024 was GSAM B.V. Product Controllers Division ("Controllers").

The investments have been valued in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements that may require the use of certain estimates and assumptions to determine value. Although these estimates and assumptions are based on the best available information, actual results could be materially different from these estimates.

### **2.8 Cash**

Cash is valued at cost, which approximates market value.

Cash in currencies other than the reference currency of the sub-fund is converted into reference currency at the foreign exchange rate prevailing on the date of valuation. Foreign currency exchange differences arising on translation are recognised in the Statement of Operations and Changes in Net Assets as realised gains or (losses) on currency.

### **2.9 Other Assets**

This account mainly includes miscellaneous interest receivables.

### **2.10 Other Liabilities**

This account mainly includes accrued tax payable, transaction expense payable and Indian capital gains equivalent tax payable.

### **2.11 Other Income**

This account mainly includes consent payment income, Central Securities Depositories Regulations (CSDR) cash penalties income, SEC litigation income proceeds and income on cash held away.

### **2.12 Other Expenses**

This account mainly includes Central Securities Depositories Regulations (CSDR) cash penalties expense, investment interest expenses on cash collateral, Indian capital gain tax expense, Italian substitute tax expense, depositary receipt fees expense and transaction expense.

### **2.13 Foreign Currency Translation**

The books and records of all sub-funds are maintained in their base currency. Transactions in foreign currencies are translated at the foreign currency exchange rate in effect at the date of the transaction. Assets and liabilities denominated in foreign currencies are translated into base currency at the foreign currency closing exchange rate in effect at the year end date.

Foreign currency exchange differences arising on translation and realised gains and losses on disposals or settlements of assets and liabilities are recognised in the Statement of Operations. Foreign currency exchange gains or losses relating to investments, derivative financial investments, and all other foreign currency exchange

gains or losses relating to monetary items, including cash and cash equivalents, are reflected in the net realised gain/(loss) or net change in unrealised gain/(loss) in the Statement of Operations.

## **2.14 Swinging Single Pricing**

A sub-fund may suffer "dilution" of its net asset value per share because the price at which investors subscribe or redeem shares of the sub-fund, does not reflect the dealing and other costs that arise when trading is undertaken by the Investment Manager to accommodate the cash inflows or outflows related to these subscriptions or redemptions.

In order to counter this impact, a Swinging Single Pricing mechanism (SSP) may be applied to compensate expected transaction costs resulting from the difference between capital inflows and outflows. If on any valuation day, the aggregate net transactions in shares of a sub-fund exceed a pre-determined threshold, the net asset value per share may be adjusted upwards or downwards to compensate expected transaction costs related to these net capital inflows or outflows respectively by a pre-determined swing factor. The net inflows and net outflows will be determined by the Board of Directors based on the latest available information at the time of calculation of the net asset value per share.

Such predetermined threshold and swing factors are reviewed on a regular basis and may be adjusted. The maximum Swing Factor is 1.50% of the respective sub-fund's Net Asset Value except for sub-funds investing in fixed income instruments which may apply a maximum Swing Factor of 3.00%.

In exceptional market circumstances, in the case of large volumes of subscription, redemption or conversion requests that may have an adverse effect on the interests of Shareholders, the Board of Directors may, at its own discretion, authorize a temporary increase of a Swing Factor beyond the maximum Swing Factor. Exceptional market circumstances can be characterized among others as periods of increased market volatility, lack of liquidity, challenges in dealer intermediation, disorderly trading conditions, dislocated markets, disconnect between market pricing and valuations and could be the result of force majeure (acts of war, industrial action, civil unrest or cyber sabotage, among others).

For an individual sub-fund an applicable threshold could mean SSP is not or rarely applied. The current levels of thresholds and Swing Factors for each sub-fund are disclosed and updated on the website: <https://am.gs.com>.

The net assets value per share as disclosed in the statistical information is the published net asset value per share, whereas the total net assets disclosed in the Statement of Net Assets, Statement of Operations and Changes in Net Assets and summary of net assets is the total net asset value including any period end swing adjustments.

Refer to the Statement of Assets and Liabilities and the Statement of Changes in Net Assets for the sub-funds that applied swing pricing. As at 30 September 2024, a swing factor was applied only on Goldman Sachs Global Real Estate Equity (Former NN) sub-fund.

The list of sub-funds which have applied the swinging single pricing mechanism during the reporting year ended 30 September 2024 is as follows:

| <b>Sub-funds</b>   | <b>Thresholds</b> | <b>Swing Factor subscriptions</b> | <b>Swing Factor redemptions</b> |
|--|-------------------|-----------------------------------|---------------------------------|
| Goldman Sachs Asia Equity Income*                                | 2.00%             | 0.24%                             | 0.34%                           |
| Goldman Sachs Emerging Markets Enhanced Index Sustainable Equity | 1.00%             | 0.19%                             | 0.26%                           |
| Goldman Sachs Emerging Markets Equity Income                     | 2.00%             | 0.30%                             | 0.38%                           |
| Goldman Sachs Europe Enhanced Index Sustainable Equity           | 1.00%             | 0.18%                             | 0.03%                           |
| Goldman Sachs Europe Equity                                      | 2.00%             | 0.23%                             | 0.05%                           |
| Goldman Sachs Europe Equity Income                               | 2.00%             | 0.23%                             | 0.05%                           |
| Goldman Sachs Europe Real Estate Equity*                         | 2.00%             | 0.34%                             | 0.18%                           |

| Sub-funds   | Thresholds | Swing Factor subscriptions | Swing Factor redemptions |
|---|------------|----------------------------|--------------------------|
| Goldman Sachs Europe Sustainable Equity                       | 1.00%      | 0.23%                      | 0.05%                    |
| Goldman Sachs Europe Sustainable Small Cap Equity             | 2.00%      | 0.32%                      | 0.16%                    |
| Goldman Sachs Eurozone Equity                                 | 2.00%      | 0.14%                      | 0.04%                    |
| Goldman Sachs Eurozone Equity Income                          | 1.00%      | 0.14%                      | 0.04%                    |
| Goldman Sachs Global Climate & Environment Equity             | 1.00%      | 0.15%                      | 0.12%                    |
| Goldman Sachs Global Enhanced Index Sustainable Equity        | 1.00%      | 0.06%                      | 0.03%                    |
| Goldman Sachs Global Environmental Transition Equity*         | 2.00%      | 0.09%                      | 0.09%                    |

\* Refer to Note 1 Organisation for more details.

The swing factors disclosed are the current applicable factors as of 30 September 2024 and may not be the actual ones that were applied during the year ended 30 September 2024.

### 3 Taxation

The Company is liable in Luxembourg to a subscription tax ("Taxe d'abonnement") of 0.05% per annum of its net assets, such tax being payable quarterly and calculated on the net asset value at the end of the relevant calendar quarter. However, this tax is reduced to 0.01% per annum on the net assets of money market sub-funds and on the net assets of sub-funds and/or Share-Classes reserved for Institutional Investors as prescribed by Article 174 (II) of the Law of 2010.

No subscription tax is paid on the assets held by the Company in other UCIs already subject to that tax in Luxembourg.

The Company may be subject to withholding taxes at varying rates on dividends, interest and capital gains, in accordance with the tax laws applicable in the countries of origin of such income. The Company may in certain cases benefit from reduced tax rates under double tax treaties which Luxembourg has concluded with other countries.

The tax reclaims are booked automatically as per tax applicable for the entity type and are booked as per occurrence of the dividend activity. Open tax reclaims on dividends are recorded under "Accrued dividend receivables" in the Statement of Net Assets.

### 4 Distributions

The Fund intends that substantially all the allocable net investment income, if any, of each sub-fund will be declared as a dividend and paid at least annually to the Shareholders of the Distribution Share Classes of the sub-funds. Net capital and currency gains realised on each sub-fund's investments and/or capital attributable to certain Share Classes may also be distributed to Shareholders of certain Distribution Share Classes of the sub-funds.

Please refer to the Prospectus for further details about distribution policies.

### 5 Management Fees

In accordance with the terms and conditions of the "Collective Portfolio Management Agreement" between Goldman Sachs Asset Management B.V. and the SICAV, the sub-funds pay Goldman Sachs Asset Management B.V. an annual management fee calculated on the average net assets of each class of shares as described in the table below. This fee is payable monthly in arrears.

As at 30 September 2024, the effective management fees rates are as follows:

| Sub-funds   | Management fees rate (p.a.) |         |                              |         |         |         |         |         |         |         |         |         |         |          |           |        |

\* for this share class, the management fee is not charged to the share class. Instead, a specific management fee is levied and collected by the Management Company directly from the shareholders.

<sup>(1)</sup> On 6 November 2023, the sub-fund Goldman Sachs Asia Equity Growth & Income has changed the name to Goldman Sachs Asia Equity Income.

<sup>(2)</sup> The sub-fund Goldman Sachs Emerging Europe Equity is in liquidation.

<sup>(3)</sup> The sub-fund Goldman Sachs Europe Real Estate Equity was merged on 8 December 2023 and the effective management fee rate is disclosed as of the merger date.

<sup>(4)</sup> The sub-fund Goldman Sachs Eurozone Equity Growth & Income was merged on 27 November 2023 and the effective management fee rate is disclosed as of the merger date.

<sup>(5)</sup> The sub-fund Goldman Sachs Global Banking & Insurance Equity was merged on 6 December 2023 and the effective management fee rate is disclosed as of the merger date.

<sup>(6)</sup> On 6 November 2023, the sub-fund Goldman Sachs Global Energy Equity has changed the name to Goldman Sachs Global Environmental Transition Equity.

<sup>(7)</sup> The sub-fund Goldman Sachs Global Food & Beverages Equity was merged on 6 December 2023 and the effective management fee rate is disclosed as of the merger date.

<sup>(8)</sup> The sub-fund Goldman Sachs Global Health Care Equity was merged on 6 December 2023 and the effective management fee rate is disclosed as of the merger date.

<sup>(9)</sup> For this share class there are two different management fee rates, for Capitalisation M (EUR) - 1.08% and for Capitalisation M (USD) – 1.50%.

<sup>(10)</sup> The sub-fund Goldman Sachs Asia High Yield (Former NN) was liquidated on 29 July 2024 and the effective management fee rate is disclosed as of the liquidation date.

<sup>(11)</sup> The sub-fund Goldman Sachs Global Convertible Bond was liquidated on 19 January 2024 and the effective management fee rate is disclosed as of the liquidation date.

<sup>(12)</sup> The sub-fund Goldman Sachs Global Convertible Bond Opportunities was liquidated on 15 March 2024 and the effective management fee rate is disclosed as of the liquidation date.

<sup>(13)</sup> For Capitalisation "I" the management fee rates have changed as follows:

- 0.20% until 10 October 2023, 0.27% since 11 October 2023.

<sup>(14)</sup> The sub-fund Goldman Sachs US Factor Credit was merged on 8 December 2023 and the effective management fee rate is disclosed as of the merger date.

In the case where the sub-funds invest in the units/shares of other UCITS and/or other UCIs that are managed directly or by delegation by the Management Company or by any other company with which the Management Company is linked by common management or control or by a substantial direct or indirect holding, the management fees paid by the UCITS and/or UCIs will be deducted from the management fees paid to the Management Company.

## **6 Significant Agreements and Related Parties**

### **Investment Managers and Sub-Investment Managers<sup>(1)</sup>**

The following affiliated Investment Managers have been appointed on behalf of the Company to provide portfolio management services:

- Goldman Sachs Asset Management International
- Goldman Sachs Asset Management (Singapore) Pte. Ltd.<sup>(2)</sup>

The appointment of Goldman Sachs Advisors B.V. as an affiliated Investment Manager was terminated with effect from 1 December 2023. This was due to the merger that became effective on 30 December 2023 between Goldman Sachs Asset Management B.V. (the surviving company) and Goldman Sachs Advisors B.V. (the disappearing company), whereby the latter merged into the former and ceased to exist.

The appointment of Goldman Sachs Towarzystwo Funduszy Inwestycyjnych S.A. as an affiliated Investment Manager of the Goldman Sachs Emerging Europe Equity (in liquidation) was terminated with effect from 26 February 2024 as it had ceased to provide discretionary portfolio management functions to the same.

Goldman Sachs Asset Management International has entered into a sub-delegation agreement with each of the following affiliated Sub-Investment Managers of certain sub-funds of the Company:

- Goldman Sachs Asset Management Co., Ltd.
- Goldman Sachs Asset Management, L.P.
- Goldman Sachs Asset Management (Hong Kong) Ltd.
- Goldman Sachs Asset Management (Singapore) Pte. Ltd.<sup>(3)</sup>

The following non-affiliated Investment Managers have been appointed on behalf of the Company to provide portfolio management services in respect of the below mentioned sub-funds of the Company:

| <b>Sub-funds</b>   | <b>Non-Affiliated Investment Managers</b> |
|--|---|
| Goldman Sachs Asia Equity Income                                 | Nomura Asset Management Taiwan Ltd.       |
| Goldman Sachs Emerging Markets Enhanced Index Sustainable Equity | Irish Life Investment Managers Limited    |
| Goldman Sachs Europe Enhanced Index Sustainable Equity           | Irish Life Investment Managers Limited    |
| Goldman Sachs Global Enhanced Index Sustainable Equity           | Irish Life Investment Managers Limited    |
| Goldman Sachs Greater China Equity                               | Nomura Asset Management Taiwan Ltd.       |
| Goldman Sachs North America Enhanced Index Sustainable Equity    | Irish Life Investment Managers Limited    |

### **Directors' Remuneration**

Ms. Grainne Alexander and Ms. Sophie Mosnier are independent Directors and have no executive function with the Management Company or its affiliated companies. The Fund pays each independent Director an annual fee for their services as a Director of the Fund. For the year ended 30 September 2024, the total Directors' fees amounted to EUR 120,668.

Mr. Jonathan Beinner, Mr. Dirk Buggenhout, Mr. Jan Jaap Hazenberg and Ms. Hilary Lopez are affiliated with the Management Company and receive no compensation from the Fund.

<sup>(1)</sup> Please refer to the latest Prospectus for a list of current affiliated and non-affiliated (Sub-)Investment Managers which are selected and appointed on behalf of the Company and its sub-funds including a reference to an overview of portfolio management activities to be performed by the respective (Sub-)Investment Managers.

<sup>(2)</sup> While discretionary investment management of the Goldman Sachs Asia Equity Income and the Goldman Sachs Greater China Equity sub-funds remains with Nomura Asset Management Taiwan Ltd. ("Nomura"), trade orders from Nomura will be executed by Goldman Sachs Asset Management (Singapore) Pte. Ltd. who will have discretion over the pricing and timing of the orders.

<sup>(3)</sup> Goldman Sachs Asset Management (Singapore) Pte. Ltd was appointed as an affiliated sub-investment manager over certain sub-funds of the Company with effect from 26 February 2024.

## 7 Fixed Service Fees

A fixed service fee is charged at the level of the share classes of each sub-fund. The fixed service fee is paid to the Management Company and used by the latter to pay in the name of the Company the administration fees, the depositary fees, the transfer agent fees, the Belgian subscription tax and other on-going operating and administrative expenses billed to the Company.

The fixed service fee is fixed in the sense that the Management Company will bear the excess of any expenses above the paid fixed service fee for each share class of each sub-fund.

Conversely, the Management Company will be entitled to retain any amount of service fee charged to the share class which exceeds the actual related expenses incurred by the respective share class.

This fee is calculated on the average net assets of each share class and is payable monthly in arrears.

As at 30 September 2024, the effective fixed service fees rates for the active share classes are as follows:

| Sub-funds  | Fixed service fees rate (p.a.) |                   |                   |                   |                   |                   |                   |                   |                   |                   |                   |                   |                    |                     |                      |   |

<sup>(12)</sup> The sub-fund Goldman Sachs US Factor Credit was merged on 8 December 2023 and the effective fixed service fee rate is disclosed as of the merger date.

## **8 Overlay Fees**

The Management Company may be entitled to receive a uniform Share-Class Overlay Fee of maximum 0.04% which is to be paid from the assets of the applicable Share-Class and based on actual costs. The Share-Class Overlay Fee is accrued at each calculation of the Net Asset Value and is set as a maximum in the sense that the Management Company may decide to lower the Overlay Fee charged to the respective Share-Class if economies of scale will allow.

The Overlay Fee is applicable to all the Currency Hedged Share-Classes. In case of Z and Zz Share-Classes those fees may be specified in the Special Agreement or Fund Management Services which will be levied and collected by the Management Company directly from the Shareholder and not charged directly to the respective Share-Class.

As at 30 September 2024, the overlay fee is 0.021%.

## **9 Exchange Rates**

As at 30 September 2024, the exchange rates used were as follows:

|         |                |         |                 |         |              |

### **13 Portfolio Turnover Ratio dedicated to the Singapore market**

The Portfolio Turnover Ratio is an indicator of the relevance of the additional costs incurred by a fund when buying and selling investments according to its investment policy.

Formula "Turnover" Singapore given by Singapore Authorities:

$$\text{Turnover} = \text{Min(purchases;sales)}/\text{Average Net Assets}*100$$

Remarks:

- Derivatives and deposits are not included,
- Turnover is not annualised.

The Portfolio Turnover Ratio is expressed as a percentage. The Portfolio Turnover calculation excludes the trades instructed into Liquid Euro and Liquid Euribor 3M (sub-funds of Goldman Sachs Funds VI umbrella), which are linked to cash facility management.

As at 30 September 2024, the Portfolio Turnover Ratio is as follows:

| <b>Sub-funds</b>   | <b>Portfolio Turnover Ratio (%)</b> |
|--|-------------------------------------|
| Goldman Sachs Asia Equity Income*                                | 97.33                               |
| Goldman Sachs Emerging Europe Equity <sup>(1)</sup>              | 46.09                               |

\* Refer to Note 1 Organisation for more details..

<sup>(1)</sup> The sub-fund Goldman Sachs Emerging Europe Equity is in liquidation and the portfolio turnover is calculated as of 28 February 2022.

## **14 Securities Lending**

Under an agreement dated 26 June 2012 as amended, the Fund has appointed Goldman Sachs International Bank to act as securities lending agent for the Fund.

As from 1 January 2015, the totality of the income generated from the securities lending program is credited to the participating sub-funds. The fee structure of the securities lending activity is based on the yield generated and the revenue offered by counterparties borrowing securities. Goldman Sachs Asset Management B.V. and/or the external lending agents do not charge a management fee in that respect.

As at 30 September 2024, the sub-funds of the Fund which are mentioned below were engaged in securities lending transactions.

The value of the securities lent and the market value of the collateral received for the sub-funds is detailed in the following table:

| Sub-funds   | Currency | Market value of securities lent | Market value of collateral received* | Securities lending income |
|---|----------|---------------------------------|--------------------------------------|---------------------------|
| Goldman Sachs Europe Equity Income                        | EUR      | 2,976,702.48                    | 3,328,230.72                         | 18,004.01                 |
| Goldman Sachs Global Equity Income                        | EUR      | 4,547,883.30                    | 5,058,246.69                         | 58,601.27                 |
| Goldman Sachs Asian Debt (Hard Currency)                  | USD      | 8,264,935.36                    | 9,377,273.47                         | 153,581.06                |
| Goldman Sachs Emerging Markets Corporate Debt (Former NN) | USD      | 3,057,910.98                    | 3,368,377.97                         | 42,903.68                 |
| Goldman Sachs Emerging Markets Debt (Hard Currency)       | USD      | 241,016,769.83                  | 280,309,823.38                       | 888,660.86                |
| Goldman Sachs Frontier Markets Debt (Hard Currency)       | USD      | 24,690,744.26                   | 28,022,655.32                        | 212,258.24                |
| Goldman Sachs Global Yield Opportunities (Former NN)      | EUR      | 2,020,920.38                    | 2,834,838.81                         | 17,905.05                 |
| Goldman Sachs US High Yield                               | USD      | 4,951,728.06                    | 5,737,041.00                         | 87,031.22                 |
| Goldman Sachs Europe High Yield (Former NN)               | EUR      | 7,194,047.72                    | 8,404,021.73                         | 83,065.37                 |
| Goldman Sachs Global High Yield (Former NN)               | EUR      | 153,160,970.86                  | 177,058,960.24                       | 1,224,236.36              |

\* High quality government bonds are used as collateral.

As at 30 September 2024, the authorised borrowers are the following: ABN AMRO Bank N.V., Banco Santander SA, The Bank of Nova Scotia, Barclays Capital Securities Ltd, BNP Paribas Arbitrage S.N.C., BNP Paribas Prime Brokerage International Ltd. (Ireland), BNP Paribas SA, Citigroup Global Markets Inc., Citigroup Global Markets Ltd, Credit Agricole Corporate And Investment Bank, Credit Suisse AG (Dublin Branch), Credit Suisse International, Credit Suisse Securities (Europe) Ltd, Deutsche Bank AG, Goldman Sachs International, HSBC Bank PLC, ING Bank N.V., JP Morgan Securities Plc, Merrill Lynch International, Morgan Stanley & Co International Plc, Natixis, Nomura International Plc, Skandinaviska Enskilda Banken AB., Societe Generale S.A., UBS AG, Unicredit Bank AG and Zurich Kantonalbank.

The following sub-funds had security lending incomes throughout the period but do not have lending as of 30 September 2024:

| Sub-funds                          | Currency | Securities lending income |
|------------------------------------|----------|---------------------------|
| Goldman Sachs Europe Equity        | EUR      | 6,305.69                  |
| Goldman Sachs Greater China Equity | USD      | 78,882.08                 |

Revenues from securities lending transactions are included in the caption "Interest income on securities lending".

## 15 Subsequent Events

Following the decision by GSAM to globally align swing methodology and the valuation method of financial instruments, fixed income valuation of the sub-fund/Fund will change from bid price, as used in the 2024 financial statements, to mid price. The impact of this change is expected to be immaterial for all funds except for Goldman Sachs Frontier Markets Debt (Hard Currency), which has NAV impact of 0.57%, as assessed at the closing date. Change from bid price to mid price for fixed income instruments valuation has been implemented on 16 December 2024.

On 22 November 2024, the sub-fund Goldman Sachs Multi Asset Factor Opportunities was liquidated.

On 2 December 2024, the sub-fund Goldman Sachs Emerging Markets Corporate Debt (Former NN) was liquidated.

On 2 December 2024, the sub-fund Goldman Sachs Emerging Markets Debt Short Duration (Hard Currency) was liquidated.

On 11 December 2024, the sub-fund Goldman Sachs Emerging Markets Debt (Local Currency) was liquidated.

## **16 Approval of Financial Statements**

The Board of Directors approved the audited Annual Financial Statements on 19 December 2024.
